Shyam - Good to meet you. Not sure if you know but BitPay is the largest payment processor of Bitcoin in the world. Our customers include Microsoft, Skrill, NewEgg, AT&T, Dish Networks, Neteller, Avnet, etc. We are very selective with the currencies we add (currently only Bitcoin, Bitcoin Cash, Ethereum, Stable Coins) and a couple others in the pipeline. I think Gram could be a great addition and would like to talk with you about it. I will be in London on Friday, Sept 13 for one day only so hopefully your around. Could also possibly do drinks the evening before.

Let me know if you will be in town as would be good to discuss,
Sonny

Hi Shyam,

Wanted to introduce you to Sonny Singh, on the leadership team at BitPay (dominant payment processor for BTC and other virtual currencies)

He is interested in discussing the possibility of accepting Grams on their platform. I believe he has an upcoming trip to London, so timing might be good.

Sonny, will let you take from here.

Cheers to both of you,
